

Shilei Qian

188-0190-2194 qiansl127@gmail.com Jiao Tong University, Minhang, Shanghai

Education

2010-PRESENT **Bachelor in Software Engineering, SJTU**

- ▶ RANKS **29/105**
- ▶ The curriculum contains Math, Physics, Programming Language, Algorithms, Data Structure, Computer Organization, Database, Software Engineering, Software Testing, Operating System, Networks, Compilation, Object-Oriented Analysis and Design, Distributed System, Middleware, Network Computing, etc.

Experience

INTERN, DIANPING.COM, SHANGHAI – 2013

Joined in the Customer Relationship Management team, devoted to the mobile APP for its CRM system. With the help of PhoneGap, the APP gained much praise both on iOS and Android.

STUDENT, INNOVATION PROGRAM OF SJTU, SHANGHAI – 2013

Successfully completed the research project "Survey and Analysis for the Application of the Semantic Web" with my schoolmates. My main work is developing a Java based website for viewing tables and graphs for applications.

STUDENT, DISTRIBUTED SYSTEM COURSE DESIGN, SHANGHAI – 2013

Grouped a team to research the multiple cloud storage, which can be backed up and restored automatically. Based on FUSE for Linux, and RAID method.

STUDENT, SOFTWARE ENGINEERING COURSE DESIGN – 2012

Developed a ball-hit game on Android independently. Eight levels, several operating patterns, including the use of gyroscope.
